

A Meeting with Binus University of Indonesia

On December 7th, the P2A project organizers and DTU Exchange Students office held a meeting with Binus University from Indonesia, which gave DTU students the opportunity to learn more about the Indonesian culture and people.

Founded in August 1996, Binus University is a world-class institution which offers programs in IT, Computer Science, Economics, Technology, Literature, Mathematics and Statistics, Graphic Design and other subjects.

The students shared information about the Vietnamese and Indonesian cultures and got to know each other through musical performances and games. DTU painted a beautiful picture of Vietnam to Binus University through a detailed presentation on traditional Vietnamese food, clothing, lifestyles and scenic locations in Danang.

Ms. Lena Choong said: *“This meeting has been a great opportunity for our students to learn more about Vietnam. Your interesting and entertaining stories made our trip even more enjoyable.”*

The meeting helped broaden student knowledge of ASEAN countries, improved their English and extended DTU’s partnerships with yet another P2A member country.
