Announcing the Microsoft Mobile Hackathon 2014 at DTU

From May 17th to 18th, the Worldwide Hackathon 2014, organized by Microsoft for participants in the Central Region will take place at Duy Tan University.

182 Nguyen Van Linh Campus

The Mobile Hackathon 2014 is for young developers and designers with aspirations in Mobile Technology. They must complete their studies of 80% of the Windows application package, W8/WP/Universal, before entering the contest. During the contest they will complete the remaining 20% and submit their results online to the local Microsoft representatives.

Lumia phones to be awarded by Microsoft/Nokia for the top three applications. The winning Vietnamese application will be submitted to Microsoft, and the best international application will win a $10,000 prize and a trip to the US.

The registration deadline is 11/5/2014. Please visit: http://www.duytan.edu.vn/hackathon for further details.
