DTU Blood Donation Day

On September 28th, the DTU Youth Union partnered with the Danang Hospital to hold a blood drive, with 700 students attending.

A DTU student giving blood

For many years now, DTU has been one of leading universities in volunteer activities. DTU works with local hospitals to hold drives three times a year, demonstrating the social commitment of DTU students, with the motto "Don't just take, give."

Students queue to give blood

Huynh Luong Phuoc Hung of class 19NCD said: *"This is the third time I have given blood at DTU. Blood donation is a traditional activity in my family because my father is a doctor and so I understand that giving blood is healthy. Regular donations may also improve blood flow."*

Nguyen Xuan Kha, a student of class YDK7K23 said: *"Though I felt a little nervous, I still wanted to give blood, because I believe that students should participate in helping in the community."*

In all, five hundred units of blood were donated, which was sent to the Danang Hospital blood bank to help sick patients.
