

## **DTU is ranked by URAP in 2020 as second of twelve Vietnamese universities**

The University Ranking by Academic Performance organization (URAP) announced the world's top 3,000 universities of 2020. Twelve Vietnam universities were listed, an increase of 4 compared to 2019-2020. DTU jumped 337 places from last year to 770 worldwide and 2nd in Vietnam.

URAP uses data from the Web of Science. The three main criteria are the quantities and quality of publications, the citation index and the scientific impact. URAP works independently, without reference to university self-reporting or expert voting and is becoming well-known for its objectivity.

**The 2020 Golden Globe Award**

Through his unceasing hard work in research and in the community, Dr. Ho Thanh Tam, from the DTU Institute of Global Health Innovation, was one of ten researchers to receive an award at the 2020 Golden Globes Young Science & Technology ceremony. This year, 51 submissions were received, 45 from 19 institutions and 6 potentials. Dr. Ho Thanh Tam has already left a deep impression with his research. Most noteworthy are his 17 publications in international journals, 10 in national ones and 6 from the proceedings of international and local conferences. Last year, DTU researcher Dr. Tran Nguyen Hai received a Golden Globe award in the field of Environmental Engineering.

### **An Agreement with the AFA Audit & Appraisal Company**

On November 19, DTU signed an agreement with the AFA Audit & Appraisal Company, to expand its business partnerships and improve educational, internship and career opportunities. DTU agreed to provide information on candidates meeting AFA's recruitment requirements, send lecturers to teach specialized and skill enhancement courses at AFA and allow AFA to take part in its seminars, conferences and annual job fairs. AFA agreed to host field trips for lecturers and students, observation visits, internships and project practice. The two agreed to work together to develop auditing assistant and practice accounting training courses to improve student awareness and professional skills, and to cooperate on extracurricular activities, career orientation, special student exchanges, recruitment information and part-time jobs opportunities.
