

DTU student Awarded Internship Scholarship in Indonesia

Nguyen Thi Ngoc Lan, a third-year student of Business Administration, has just won a one-month internship scholarship at the Darmajaya Informatics and Business Institute Darmajaya (IBI) in Indonesia, from October 18th to November 19th 2015. This program prepares students to work internationally in a global environment.

Nguyen Thi Ngoc Lan, the only DTU student to win an internship in Indonesia

The challenging one-month internship was an ideal opportunity for ASEAN students to demonstrate their abilities. The five qualifying rounds included a 2,000 to 3,000 word essay and a 5-minute video. Nguyen Thi Ngoc Lan overcame a lot of strong competitors to become the only DTU student to receive a scholarship.

She is an outstanding student with high aspirations and solid experience, so it was not a big surprise when she won. She also received strong support from P2A Vietnam during the application process. The DTU P2A always enthusiastically dedicates its time to encourage and support students to take advantage of every opportunity they can to accumulate knowledge and experience in their studies and in competitions. Ngoc Lan was always well aware of this and her dream finally came true.
