ComManTel 2014 is expected to significantly contribute to the advancement of education and research in Computing, Management and Telecommunications at DTU and throughout Vietnam. The opening ceremony will take place on April 27th in Room 713, K7/25 at the Quang Trung campus. Please visit <http://ComManTel.net/2014> for the agenda.

[ComManTel 2013](#) took place at the Rex Hotel in Ho Chi Minh City, with more than one hundred researchers from twenty countries in attendance. Leading scientists presented their latest research in wireless communications, video image processing and transmission, cloud computing, robotics, biomedical electronics, computer and telecommunications networking, sensor networking and other topics. Dr. Ha Dac Binh, a DTU faculty member, submitted four papers about new technology in next-generation wireless communications.
