

Overseas Study Fair at DTU

On 1st March, 2011, an Overseas Study Fair was held by the DTU Golden Key Study Abroad Consulting Center, with participants from four foreign universities and colleges in Canada, Spain and the USA.

Students come for information

At the fair, students and their parents learnt about the educational systems in Canada, Spain and America. They had the opportunity to meet directly with representatives of internationally recognized institutions to ask questions about entrance exams, visa interviews, scholarship applications and so on. This was a good opportunity for those who were interested in studying abroad to obtain the basic information to start the process.

DTU partners with over fifty universities around the world. The DTU Golden Key Study Abroad Consulting Center was established to support students planning to study at reputable universities or colleges overseas.
