

The DTU 2014 Jobs Fair

On May 31st, in collaboration with the Central Vietnam Nguoi Lao Dong newspaper, DTU held the 2014 Jobs Fair. The event is one of DTU's traditional annual activities to create more career opportunities for graduates.

The 2013 Jobs Fair attracted many DTU job-seekers

Employment has become a hot issue for graduates these days. That is why DTU has adopted the motto: “We Do Everything for Student Rights and their Future Careers” since the early days of its inception. Over the years, DTU has improved its standard of education to meet the increasing workforce demand, locally and nationwide. DTU has also built close relationships with a large number of business enterprises, nationally and worldwide to broaden job opportunities for students. The 2014 Job Fair also attracted students from other universities and colleges in Danang.

The DTU 2014 Jobs Fair attracted the participation of forty companies in Danang and surrounding provinces in the Central Region. During the event, students were able to meet potential employers and take part in job interviews.

The Job Fair lays a solid foundation for sustainable partnerships with local businesses and is also a good opportunity for students to improve the essential skills required to succeed in job interviews and career orientation for a bright future.
