Representatives discussed solutions to launch future e-learning and transfer programs. Initially, they will arrange to transfer one hundred vocational students from Binh Dinh College into undergraduate economics courses at DTU. The Binh Dinh faculty expressed their admiration and interest in the current E-Learning systems at DTU which offer students the opportunity to use an efficient, advanced and flexible learning system.

The Binh Dinh Economic and Technology College was established in 1976, as a public college under the management of the Department of Agriculture and Rural Development. It has graduated more than 2,100 students in Economics and Technology. The five hectare campus of highly qualified faculty has created a major workforce for Binh Dinh province.
