

Twenty Outstanding Danang Scientists are Honored

On December 24th, twenty leading Danang scientists were recognized for their active involvement in promoting Science and Technology in the city over the past twenty years. The event was organised by the municipal People's Committee and the city's Union of Science and Technology Association, marking the twenty years since Danang became a centrally-governed city, during which time the scientists have implemented the results of their research for the benefit of Danang.

The honorees were:

1. Dr. Nong Thi Ngoc Minh, former Deputy Chairperson of the Danang People's Committee and former Director of the city's Science and Technology Department.
2. Associate Professor Phan Cao Tho, Provost of the Junior College of Technology.
3. Mr. Bui Van Tieng, Chairman of the city's Historical Science Association
