

Two Hundred Students take the DTU Entrance Exam for Advanced Programs

On 7th August, 2011, 200 students took the exam for advanced studies at DTU. In the morning, students were provided basic information about the programs and about career opportunities on graduation. In the afternoon, they took the exam in three parts, in English, logic and essay writing. Then they toured the DTU Campus.

Mr. Nguyen Duc Man, Deputy Dean of the DTU International School

Advanced academic programs at DTU are now internationally-recognized. Students have access to the new and advanced curricula, teaching and study methods available in American universities. Graduation degrees and certificates awarded by DTU and American affiliates will be internationally recognized.

In the academic year 2011-2012, DTU's advanced programs will be offered in Business Administration, Accounting, Banking, Tourism, Computer Networking, Software Technology, Civil Engineering and Architecture. The next entrance exam for advanced programs will take place in September, 2011. Students with satisfactory results in this exam can then apply for the program.
